VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES

Milwaukee Daily Sentinel.

THURSDAY MORNING, JAN'Y 15, 1852.

Rufus King, Wm. H. Watson & John. S. Fillmore, PROPRIETORS.

UNDER THE NAME AND FIRM OF

RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

Organization of the Legislature.

We learn by Telegraph that both branches of the Legislature organized yesterday, the Assembly, however, only temporarily. In the SENATE, Mr J. K. WILLIAMS, of Lafayette, a very competent gentleman, was chosen Chief Clerk, and Mr. COGGROVE, Sergeant-at-Arms. But little business was done beyond disposing of Dr. HUEBSCHMANN'S "Constitutional" objection to opening the Daily Sessions with prayer. The Doctor had but three backers.

In the HOUSE, Col. BOTKIN, Whig, of Dane County, was appointed Speaker, *pro tem*. Mr. A. T. GRAY, Democrat, of Rock County, Clerk of the last Assembly, Clerk *pro tem*; and Mr. KINGSBURY, Sergeant-at-Arms, *pro tem*. After some other informal business the Assembly adjourned till this morning, when, no doubt, an attempt will be made to organize permanently.

We presume that the Governor's Message will be sent in, in case the Assembly organizes to-day, during the morning session to-morrow.

KOSSUTH'S RECEPTION AT WASHINGTON.

Evidences are daily furnished that the reception of Kossuth at Washington by the Government officials, and the proceedings had on his arrival, except those which were the spontaneous and voluntary outbursts of popular enthusiasm, were as insulting to him, as they were humiliating to the American people.—*Commercial.*

As a specimen of these "evidences" the *Commercial* favors its readers with the following extract from the "Bunkum" speech of one Mr DEAN:

Mr. Dean, taking the floor, remarked that he was compelled to believe that there was an organized effort to insult Louis Kossuth. He and his suite had been received at the cars and transported to his hotel in a cavalcade of three shabby carriages, dragged along by crow-bepoken horses; and, subsequently, the factious opposition of the minority here was in keeping with this treatment and reception. He wished these facts to go forth to the people, that they may understand how Kossuth had fared in Washington City.

Now KOSSUTH was received at Washington by the Senate Committee, who don't own either carriages, or horses, and probably got the best the Livery market there affords. We submit, therefore, that Mr. DEAN'S and the *Commercial's* censures should have been hurled against the Livery Stable keepers, rather than against the "Government Officials," or the Committee of Congress.

As to the conduct of the "Government Officials," it appears that the *very first* person to call upon KOSSUTH was the American Secretary of State, DANIEL WEBSTER; that his example was followed by all the Members of the Cabinet; that KOSSUTH was handsomely entertained at the White House by the President; that he was publicly received by both Houses of Congress—in short that he met with a "reception at Washington," such as was never before extended to any individual, however distinguished, in public, or private station. What more a "Democratic administration" would have done for the illustrious Magyar, we cannot well imagine, unless they had prostrated themselves in the dust before him and asked as a particular favor that he would walk upon their backs to the White House; or harnessed themselves to his carriage instead of the "crow-bespoken horses" which seared the eye-balls of the sensitive DEAN. We are happy to say that the Whig administration at Washington, while receiving the Nation's Guest with all respect and hospitality, did *not* "bow down and worship" him, nor forget, in their desire to do him honor, the dignity of their own stations, or what was due to the character of the American people.

New York Delegates.

We are indebted to a friend in Buffalo for a despatch stating that, "The Congressional Convention for the appointment of Delegates to the National Convention, met in this city yesterday.—Resolutions of instruction for CASS passed by a vote of 58 to 12. Monroe County (Rochester) elected Cass Delegates." Thus the work goes on; and thus is the great State of N. Y., repairing the wrong she did in 1848. It is the beginning of the end.—*Detroit Free Press.*

The friends of Gen. Cass are pushing him for the Presidency with great earnestness and in the confident hope of success. The above paragraph, taken from the Detroit *Free Press* of Saturday, shows that they are not without good grounds for this belief. It is hardly doubtful that they will secure a majority of the Delegates from New York. They count, too, upon the vote of *Wisconsin*, altho' the fact is perfectly notorious that the great mass of the democratic party in this State and the vast majority of our People are utterly and irreconcilably opposed to the leading features of the Cass Platform.

THE "NEW DEAL."—The *Commercial*, whose temper is sadly disturbed by the mask rebellion among the masses of the party against the edicts of the leaders, turns upon and snaps at the Whig press for presuming to interfere in the premises—It says:

It is not a little amusing to see with what readiness the Whig papers favor a "new deal" with the democrats, but seem perfectly satisfied with their own Delegates and Electors, chosen in precisely the same manner. They would do well to look more to their own household.

We know not how it may be with other Whig papers, but for ourselves, so far from favoring a "new deal," we are very decidedly for keeping the old hands. They are the true types and representatives of Old Hunkerdom and any ticket of their making will be beaten out of sight in Wisconsin. It is because the rank and file of the democracy see and feel this, that they are making such convulsive efforts to get rid of the incubus which weighed them down to the dust last November and bids fair to use them up effectually next Fall.

NEW YORK AND ERIE RAILROAD.—The N. Y. *Tribune* of the 3d instant says that the heavy snow storms at the West have interfered somewhat with the Freight business of the Erie Railroad, and consequently the receipts of December are about $4,000 less than the estimate made in the early part of the month. The figures are:

Passengers and Mail	$90,830 87
Freight	205,449 13
Total	$296,280 00
December, 1850	149,985 85
Increase	$146,295 15

WISCONSIN FARMER.—We have received the January number, the first of the new volume, of this useful periodical. It is neatly printed and well filled with original and selected matter relating to Agriculture and Horticulture. The Farmer is published monthly at Janesville by MARK MILLER, at fifty cents a year in advance—a low price for a good paper.

PRODIGY.—We have in our office a bunch of potatoe vines, grown on the farm of Samuel Miller, Esq., adjacent to Linn City, which bore potatoes both at the roots and upon the tops.—Regular grown potatoes above as well as under the ground. Beat it who can?

The above is from Oregon *Spectator*. We don't believe that the *story* can be beaten in Wisconsin, tho' we think the potatoes could.

It will be a curious matter to observe how the PRESIDENT and his CABINET receive *Kossuth*—whether they address him as the *Governor of Hungarie*, and thus acknowledge its independence.—*Wisconsin, Dec.* 21.

This "curious" fact has transpired. The President, in his reply to KOSSUTH, addressed him as "Governor." We marvel that the *Wisconsin* has not yet "made a note of it."

CONCERT OF THE LITTLE KILMISTES.—The Musical and Operatic entertainment of the Kilmiste Family will take place at Gardiner's Hall *to-night*. They offer an inviting programme and at a very moderate price. Those who heard them, when they visited our City two years since, will need no persuasion to go again. Those who have not yet heard them may safely promise themselves a rich treat if they attend the Concert this evening.

WATER-WORKS FOR OUR CITY.

Messrs. GIDDON & LOCKWOOD, of Cincinnati, have made proposals to our Common Council, to put up suitable Water-works in Milwaukee, and contract to furnish an abundant supply of pure water for all public and private uses. We regard the enterprise as one of the *first* importance to our city, indispensable alike to the public health and the public security. Water is, and is likely to remain, the best "Fire Annihilator," and where this element is abundant and available, with a well-organized Fire Department, (such as Milwaukee can boast) to apply it, extensive conflagrations are of very rare occurrence. So far as our city is concerned, the Milwaukee River furnishes a good supply of water to fight fires occurring in our principal business streets. But we need not tell Firemen, or others conversant with such matters that Hydrants, at the corners of different streets with such a head of water as the proposed works would furnish, are vastly more convenient and more effectual, in the extinguishment of fires, than any rivers, or reservoirs from which the water has first to be lifted and then forced through the hose upon the fire.

Suppose, for instance, our Water works completed: Hydrants, or plugs placed at suitable distances along our principal streets, and two or three Hose Companies added to our present Department. A fire breaks out on East Water Street.—A very few minutes suffice, after the alarm is given, to bring a Hose Cart upon the ground, attach the hose to the nearest hydrant, and get a stream of water upon the fire. So, too, the Engines, as they arrive upon the ground, can get water at once from the Hydrants, without having to fit on their suctions, to cut holes in the ice &c. In both ways water would be got on to the fire at least *five or ten minutes* sooner than it possibly can be now, and every man appreciates the value of *time* at the breaking out of a fire.

But the argument for Hydrants gains tenfold force as we look at the exposed condition of public and private property a few blocks back from the River: on the bluffs, for instance, in the First and Second Wards. A fire breaking out in these localities, may work its will for all that the Department, under ordinary circumstances, could do to arrest it. There are no reservoirs to draw water from, and no reliable source of supply, indeed, nearer at hand than the River. To the property on the hill, therefore, and in all localities removed a few blocks from the River, the protection afforded by Hydrants would be invaluable.

Aside from this consideration an abundant supply of pure water is of the first consequence to the comfort, cleanliness and health of our citizens. It is a blessing for which we cannot well pay too high a price, and yet it is offered to us at very moderate rates of compensation. The argument, indeed, seems to us irresistible in favor of accepting the proposition of Messrs. GIDDON & LOCKWOOD. They are men of ample means, of large experience and of approved integrity. What they undertake they will perform, and we think the Common Council could not do anything more acceptable to their constituents, or more beneficial to the City, than to close at once with the proposition of these gentlemen to supply Milwaukee with pure water.

U. S. COURT.—The Jury in the case of LOW vs. Johnson, which has occupied the Court for some days past, brought in a verdict for the Defendant. Another case was taken up yesterday and a Jury empannelled.

PAPER.—We notice with pleasure the erection of several new paper mills, in different sections of the country. At Elkhart, Indiana, and at Rockton, Winnebago Co. printing paper is now manufactured which bears comparison with the best in the market. Such "institutions" do something more than furnish paper for printers.—They make business and a market on our own soil for a share of what the farmers produce.—*Prairie Farmer.*

A good idea that last paragraph. Worth a dissertation on home industry. We wish our western folks would reflect a little on that subject. "They make business and a market on our own soil." Just think of that you, who are of opinion that is the best way to arrange matters in the great human family, is for Americans to raise hedgerow or tobacco, or cotton, or potatoes, or peaches, pumkins and send to Europe to pay for cloth and other manufacturing articles, just because it encourages free trade and the commerce of nations. Our free traders say that the tariff is only class legislation. But our author discovers that "it makes business and a market at home." How? Why they employ laborers who eat up the produce of farmers and pay for it. If we had manufactories enough to make all we consume we should have a good market at home.—*Elk Horn Star.*

THE TAX UPON PRINTERS.—The Cleveland Plaindealer, calling attention to the taxes imposed on the press for every public and benevolent object, offers "to pay *five hundred dollars* for the coming year as our benevolent tax, provided the public will allow us to charge a reasonable amount for our services in a professional way, now donated to these same objects."

Outsiders can have no accurate idea of the amount of fuel printing that publishers are called upon to perform and are expected to perform gratuitously. Every public exhibition or performance for a benevolent or charitable purpose must of course be advertised and puffed, and when an intimation is given that payment is expected, it is met with a look of blank surprise! Scarcely a day in the year passes but that more or less of this sort of business is offered. In the eastern cities full prices are charged for it, and there is no reason why it should not be done here.—*Buffalo Courier.*

☞ We are glad to learn, from the Paris correspondent of the Commercial Advertiser, that Mr. RIVES, the American Minister at Paris, had not yet recognized the new government of Louis NAPOLEON. If that Government shall prove to be firm, of course it must be recognized by the United States without regard to its character. But we are glad that Mr. RIVES did not make any special haste to signify his recognition of it, and we trust he will await instructions from Washington upon the subject. The mere fact of thus hesitating—while probably even the Wall-street defender of Louis NAPOLEON could not complain of it—would indicate that the matter at least needed some reflection.

Just now Louis NAPOLEON seems to have the army at his command; and of course he can do with FRANCE just what he likes. A mutiny with a club always has power, and if his neighbor is unarmed, he can establish as *de facto* government over him. But we have no faith that this will last. Such an absolutism as Louis NAPOLEON has established in France, contains the seeds of its own speedy destruction. Our Minister can afford to stay away from his levees a few weeks—long enough, at least, to see how rapidly these seeds will grow.—*N. Y. Times.*

MODLEY REASONS FOR A CROOKED CANAL.—The canal in Egypt from Alexandria to Atieh winds considerably, though no engineering obstacles whatever oppose themselves to a straight course. The reason of this sinuosity was thus explained by Mehemet Ali: "you ask why my canal is not straight. Ya, Wallah! it is owing to a bit of bigotry. The dog who made it was a true Believer, and some thing mote. He said to himself, "Ya, Saedee, thout art about to make what Giaours call a canal, and Giaours in their impiety make such things straight. Now, a canal is made after the fashion of a river—(Allah pardon us for imitating His works!)—and all rivers wind. Inshallah forbid that my canal should be better than His river: it shall wind too." And so it does, on a tout where it might have been straight.—Walpole's Travels in the East Indias, 1851.

MATRIMONIAL STAMPEDE.—There is at present a perfect matrimonial stampede among the female teachers of the Second Municipality Public Schools. We understand no less than six of them have, within the last few days, sent in their resignations, preparatory to their conferring the proud title of Benedict on as many happy mortals. This movement, though it may displease some of the crusty old codgers of the Public School Board, is, we think, highly creditable to the female teachers; for we cannot imagine a higher tribute than a man could pay to the moral and intellectual worth of a lady than marry her!—*N. O. True Delta.*

DEATH OF GEORGE S. CATLIN.—The Norwich (Conn.) Aurora of the 31st ult. contains a notice of the death of Hon. George S. Catlin, ex-member of Congress from that district.

M. & M. RAILROAD COMPANY.

We understand that the new Board of Directors of this Company intend, at an early day, to lay a full statement before the public and the stockholders, of the affairs of the Company, now exciting public attention.

In the meantime we have been furnished with the following condensed statement:

On the 11th of April last, Mr. KILBOURN, late President of the Company, was sent by the Company to the east, as their fiscal agent, for certain purposes.

His powers in that behalf were given and defined in a series of resolutions, passed at his own request, on that day.

The first of these resolutions appoints him fiscal agent of the Company, to negotiate bonds, and transfer the notes and mortgages held by the Company, within certain restrictions.

The second authorizes him to purchase rails, iron, locomotives, and other articles, for the use of the Railroad, for cash or on credit

The third is as follows:

Resolved, That Byron Kilbourn, President of the Company, be and hereby is appointed an agent to solicit and receive subscriptions to the capital stock thereof, from any person or persons, and receive thereon such payments in amount, and of such kind as shall be agreed on by and between him and parties so subscribing; and issue certificates for all stock so sub-cribed, without refering such subscription to this Board for its approval; and the By-Law relating to approval by the Board, of stock sub-criptions, previous to the issue of certificates, is hereby suspended in reference to subscriptions made in pursuance of this resolution, and the same are hereby approved in advance; and it shall be the duty of said agent to deposite all moneys received in payment of such stock, in some secure bank, or other safe place of deposite, and report without unnecessary delay, all his doings in this behalf, to this Board.

The fourth is a formal formal power of attorney to him to act on the subject of the two first resolutions.

Mr. KILBOURN went upon this mission: and returned about the first of October last.

No account of his receipts and disbursements having been rendered, the Board passed a resolution on the 12th of November last as follows:

"*Resolved*, That the President of the Company and such of the Directors as have accounts with or against the Company, for receipts and disbursements, services or otherwise, be hereby requested to present the same at the next meeting of the Board, for examination and settlement."

About the 10th of December last, Mr. KILBOURN made an informal report of his account, appearing on a small book containing no account of stock sold, or receipts for subscriptions of stock. Mr. K. alleged want of time as a reason for not rendering a formal account.

On the 12th of December last, the Board adopted the following resolution:

"*Resolved*, That the President having failed to furnish a complete account of his fiscal transactions in behalf of this Company, and any account for personal services, in terms of a resolution passed by this Board at its last meeting, the Executive Committee are hereby directed respectfully to request the President's attention to said Resolution, and to apply for and receive such accounts of any other parties for personal services or otherwise as have not yet been presented."

Mr. KILBOURN, still failing to render any account, in compliance with this resolution, delivered to him, the following resolutions were adopted at a meeting held in his presence, at 10 o'clock A. M., 7th January inst.

Resolved, That all resolutions, powers of attorney, or other authority or power of this Board, of whatsoever kind or nature, authorizing and empowering Byron Kilbourn, President of this Company, to negotiate the securities of the Company, make purchases, and solicit and take stock subscriptions, on behalf of this Company, and especially the resolutions and power of attorney passed by this Board April 11th, 1851, granting to him said authorities and powers, be, and the same are rescinded, revoked and annulled

Resolved, That Byron Kilbourn be requested to report fully to this Company immediately, what action, if any, he took under a certain resolution passed on the 11th day of April last, authorizing him to obtain stock subscriptions to this Company, and whether he obtained any subscriptions and how much, and the names of said subscribers, if any, and the terms upon which they were made. And that he be requested to return to this Board, now in session, immediately, all subscription books, if any were opened, and all stock certificates issued in blank and countersigned by the Secretary.

Before these resolutions were passed, Mr. KILBOURN was personally asked by a member of the Board to state verbally what action he has taken under the resolution of the 11th of April last, in regard to Stock subscriptions. Mr. KILBOURN declined to make any verbal statement, stating he would report in writing. Similar appeals were frequently made to him without any success.

At a later session of the Board held during the afternoon of the same day, (January 7th) the following resolution was adopted:

Resolved, That the President be and is hereby requested to inform this board verbally, as nearly as he can at this time what, if any thing has been done by him under the resolution of this board, dated April 11th last, in regard to obtaining subscription of Capital Stock.

Mr. KILBOURN still failing to answer, a member of the Board, Mr. John Catlin, addressed the President, Mr. KILBOURN, as follows:

"I wish to inquire of the President whether he intends to make any answer to the resolutions adopted at the morning session?"

Mr. KILBOURN answered, "No, sir, I do not."

Thereupon the Board adopted the following resolutions:

Whereas, Byron Kilbourn, Esq., has been respectfully requested by a Resolution of the Board to report immediately what action was had by him under a resolution passed on the 11th day of April last, conferring on him power to obtain stock subscriptions upon any terms; and whereas the said Kilbourn has informed this Board that he will make no report on that subject, therefore

Resolved, That a committee of five be appointed by the Board to take into consideration what action, if any, is necessary to be taken in reference to the said refusal, and that said committee be requested to report as soon as practicable.

Resolved, That every resolution or other act of this Board, granting to any officer or agent of this company, or to any other person, authority to receive subscription to the capital stock of this company, be and the same are hereby revoked and rescinded.

Resolved, That every subscription to the capital stock of this company, not heretofore reported to this Board, or entered under its sanction on the Books of the Treasurer of this company, be and the same are hereby disapproved, and filled and rejected.

At an evening session of the Board, held at 8 o'clock, P. M., Mr. KILBOURN present, the committee appointed in the last series of resolutions, reported to the Board the following preamble and re-olution:

Whereas, certain resolutions were passed by this Board on the 11th day of April, 1851, appointing Byron KILBOURN, Esq., President, the agent of this Board, with powers to negotiate securities of this company, make purchases of equipments and materials, and to do various other things as general fiscal agent of the Board; and whereas, a resolution stands on the record of this Board of the same date of April eleventh, 1851, purporting to authorize said KILBOURN to receive subscriptions to the capital stock of the company, issue certificates therefor, and receive payments thereon, and requiring him to deposit all monies thus received, and report his doings in the premises without unnecessary delay; and whereas, sundry blank certificates of stock, countersigned by the Secretary, were soon thereafter delivered to said KILBOURN by the Secretary, for the purpose of being delivered to persons so subscribing for the capital stock of this company; and whereas, said resolution contemplated the exercise of said power of receiving subscriptions to the capital stock of this company only in aiding said KILBOURN, then about to proceed to the East as fiscal agent of this Board, in the negotiation of its securities and in the purchase of equipments and materials for the Board, and for no other purpose; and whereas, the members of the Board have within a few days past received intimations from several persons, worthy of credit, that certain directors of this company have threatened to take or receive large subscriptions to the capital stock of this company, without the knowledge or approval of the Board, for the purpose of having the votes on the shares so subscribed cast at the ensuing election for directors, and thereby securing to themselves the control of the next Board of Directors; and whereas, several months have elapsed since the return of said KILBOURN from his mission as fiscal agent of this company, as aforesaid, and he has made no report of his doings in obtaining stock, or any of them; and whereas, on this day he has been repeatedly requested by members of this Board in open session and particularly by resolutions unanimously passed this day, to report immediately to the Board now in session, his doings in the premises, and has declined to do, and has also declined and refuses to give the Board at this time any information in the premises, verbally or otherwise, therefore,

Resolved, That Byron KILBOURN, Esq., in refusing to report to the Board any of his acts as agent of this Company, under the said resolution, relating to subscriptions to the capital stock of this Company, and in withholding all information on that subject from the Board, is deserving of censure and has forfeited the confidence of this Board.

This preamble and resolution were adopted by the Board, Mr. KILBOURN in the Chair.

Mr. KILBOURN, remaining silent for some twenty minutes, called another member to the chair and withdrew.

About an hour after, the Board hearing nothing from Mr. KILBOURN, passed the following resolution:

Resolved, That Byron KILBOURN, President of this Company, having refused to comply with the Resolutions this day passed by the Board of Directors, be and he is hereby removed from the office of President as aforesaid, and the said office is hereby declared vacant, and that the Board now proceed to elect by ballot, a President of this Company to fill said vacancy.

Such is the record history of Mr. KILBOURN'S removal from the office of President. His removal was authorized by a Bye-law of the Company, introduced by himself, and by the legal power of the Directors, to remove their own appointees.

The sagacity and propriety of the removal are justified by the appearance, at the sub-sequent election, of fictitious stock to an immense amount, never before known of by the Board, and never appearing to this hour, on the subscription books, or otherwise on the books of the Company.

Mr. CATLIN was thereupon elected President.

Mr. KILBOURN has not since appeared in the Board. His written account was not rendered till Monday last, when it was handed to the Secretary at about 2 o'clock P. M.—but did not come before the Board till their evening session of that day—the day before the election, at which the Board are obliged to report to the stockholders their proceedings and accounts. It was, of course, not in useful season.

The account of Mr. KILBOURN, gives no account of stock sold, or subscriptions received by him; and to this hour he has not reported any such.

The blank certificates of stock countersigned by the Secretary, taken by Mr. KILBOURN, were taken by him without the knowledge of the Board, by his own sole act, as President of the Company. They have never been returned, or accounted for by Mr. KILBOURN.

While in N. Y., Mr. Jacob L. Bean was appointed a sub-fiscal agent, by Mr. KILBOURN, and still holds assetts of the Company received by him, Mr. B., in the capacity.

On the day of the election, Mr. Bean's proxy, Mr. Charles Bichard, offered to vote on a certificate of stock filled up in Mr. KILBOURN'S hand writing, for $600,000, acknowledging the receipt of one-tenth of one per cent. therefor—dated 12th September last, and not ever reported to the Board, nor appearing on the stock books. No subscription of Mr. Bean appears on the subscription books of the Company for this stock, and the Company holds no liability of Mr. Bean to pay the amount.

Mr. Richard herself is understood to hold a similar certificate for a similar amount. And there are said to be others of the same character.

The Charter of the Company gives power to the Directors to superintend and direct all the proceedings of the Company.

The By-Laws of the Board in reference to the Annual Meeting of Stockholders and election of Directors, reads as follows:

Sec. 5. At all meetings of the stockholders, absent members may vote by proxy, duly authorized in writing; and in order that all may know who are stockholders, it shall be the duty of the Secretary, previous to the meeting thereof, to make a list of all the stockholders, with the number of votes each is entitled to cast set opposite his or her name, and have the same present at such meeting, for the use of the members and officers thereof.

Sec. 8. The President of the Company to be elected by the Directors, out of their own number, shall have a general supervision and direction, subject to the orders of the Board of Directors, of the business and affairs of the Company; and shall preside at all meetings of the Board of Directors and of the Stockholders, when present in person; but in his absence a President pro tempore may be appointed by the Directors, who shall discharge the duties of President at any such meeting of the Directors, or of the Stockholders, and during the absence of the President: Provided, that if a quorum of the Board should should not be present at any meeting of the Stockholders, a President pro tempore be appointed by the Stockholders at the hour of convening.

The Board also passed, prior to the late annual election, the following resolution:

"*Resolved*, That the Directors of this Company now in office be and are hereby appointed Inspectors of the election of Directors of this Company, appointed to be held on the 13th inst., or on any adjourned or later time or day, and that a majority of the Board of Directors shall have power to act in that behalf: and that John CATLIN, Esq., the President of this Company, be and he is hereby appointed to preside at the meeting of the Stockholders of this Company to be held for the purpose aforesaid, and at the place aforesaid."

The Board adjourned to meet at the place and hour appointed for the annual meeting of the Stockholders.

The Board accordingly repaired there: organized at the hour appointed, and caused the annual report to be read to the Stockholders, and opened the polls: the Board, consisting of nine members present and acting, assisted by the Secretary, acting as Inspectors of the Election.

The stock list was present and consulted on every vote, no vote was admitted not appearing to be proper by the stock list; and none rejected so appearing. A correct list of all votes given, by whom cast, and for how many shares, is preserved in the Secretary's office. The stock list, etc. The only vote rejected was that of Mr. Bean's fictitious $600,000.

The whole number of shares appearing to be subscribed for is 10,061.

Of this number, 5,750 shares actually voted.

In addition to these, there were received of the same legal shares, the votes of other 208 shares, before the settled hour of closing the polls, but not in time to compare with the stock list before the annual of the hour.

Of these, Messrs. Mitchell, Tweedy, Eldred, Walker, Wolcott Kneeland, I. Goodrich, Catlin, Holton, Stoughton, Mills, Ray, Barstow and Hall, received 208.

Mr. Cobb 165, and G. G. Williams 10.

Thus the present Board were duly elected by a majority of all the Capital Stock of the Company.

During the election, Messrs. Kilbourn, Clinton, Powers, and Hinckley, Directors of the Company, were generally present in the Car House, where the election was held, but took no part in the election, or in the Board.

Mr. Kilbourn presided at another meeting in the same house, how called or how organized, not known. This meeting was composed of some stockholders and many persons, laborers on the road and others, not stockholders. He pretended to hold an election and pretended to poll votes for more stock by $500,000 than the company has issued. Of some discreditable efforts made to disorganize the Company, this is not the place to speak.

The Board also organized with the old officers—J. Catlin, Esq., President; Wm. Tantor, Esq., Secretary; W. P. Flanders, Esq., Treasurer; R. H. Edgerton, Esq., Engineer, and pursue their business diligently in the old office of the Company, in possession of its archives and control of its business.

ORGANIZATION OF THE LEGISLATURE

Democratic Caucus.

Madison, January 14.

The Democratic Members met this morning at 11 a. m., and nominated H. D. Patch of Dodge for Speaker, A. T. Gray for Clerk, Mr. Brainard, Sergeant-at-Arms.

Senate.

Called to order by Wm. Hull, Clerk of last year. 17 Senators answered to their names. Dr. WEST of Waukesha was present, but his certificate did not arrive

J. K. Williams of Lafayette was chosen Chief Clerk, and Cosgrove, Sergeant-at-Arms.

J. S. Blair was appointed by the Clerk as his assistant.

Senate—3 P. M.

Senator Reed offered a resolution, directing a list of members to be furnished to the Postmaster, and the postage to be paid out of the State Treasury. Carried.

A resolution directing copies of the Journal of 1851 to be furnished, & allowing 30 newspapers per week, was offered.

Mr. Wakely offered to amend by making it 30 per day.

Dr. Huebschmann moved to postpone the consideration of the subject until morning. Carried.

A resolution to appoint a committee of two to act with a like committee of the House, when the latter is organized, to wait upon the Governor and receive any communication & a resolution inviting the resident clergyman to open the session with prayer, was offered.

Doc't Heubschmann thought it *unconstitutional* to have any praying done and called for ayes and noes. The vote stood 11 Ayes and 4 noes. *Messrs Bowen Heubsmann, Squires and Wright, nays*—Adjourned until 11 A. M. to-morrow.

Madison, Jan. 11.

The Whig Members of the Assembly met last evening at the Assembly Hall. Organized by appointing Hon. E. Root, of Marquette, Chairman, and C. Cain, of Milwaukee, Secretary.

The roll was called, and twenty-seven members answered to their names. Messrs. T. J. Stafford, D. L. Bancroft, J. Tenny, and T. H. Fellows were the absentees. On motion, Col. Childs, of Madison, was appointed to act as Sergent-at-Arms, who was requested to clear the room of all persons except Whig members.

The caucus held till after 12 o'clock. There was much difference of opinion, and considerable warm discussion as to Speaker. After exchanging sentiments pretty freely, Col. Botkin, of Dane county, withdrew his name, and as Botkin and McM. Shafter were the prominent candidates for the nomination of Speaker, the caucus quite unanimously nominated J. McM. Shafter, as Speaker. Mr. Welch received the nomination of Chief Clerk, and Elisha Starr, Sergent-at-Arms.

Accident and Loss of Life.

New York, Jan. 13.

About 8 o'clock last evening an alarm of fire was sounded for the Sixth District, proceeding from a large five story building, No. 140 Centre Street, occupied by the Commissioners of Emigration as a Depot for Emigrants, of whom there were nearly 500 in the building. The alarm proved to be false, but when it was first given, a rush took place among the occupants of the building and a jam ensued, followed by a catastrophe similar to that which recently occurred in the Public School on Greenwich Avenue.

The railing of the stairs, yielding to the pressure upon them, gave way, and a large number of human beings were precipitated in a heap together, the crowd still pressing down upon the mass below, crushing and smothering those who had first fallen. The Police of the Sixth District repaired to the spot and made almost super-human efforts to extricate the sufferers, who were wedged in between the walls. Before the passage could be cleared, however, five persons were smothered to death and five others are thought to be mortally injured. Those taken out were entirely naked, the few clothes they had on when the panic occurred having been torn off in the desperate struggles to release them from their perilous situation.

SENATE.—The Chair laid before the Senate the Report of the Secretary of State, of the number of persons employed in his office, and also a report of the Secretary of War, in relation to a military road in Iowa.

Mr. Millard presented the proceedings of the citizens of Trenton, N. Y., expressing sympathy for Kossuth and Hungary, which was referred.

Mr. Shields presented a petition from Andrew W. Thompson, praying that the Postmaster General be authorized to contract for transporting the United States mails between the U. S. and Ireland.

Mr. Stockton gave notice of a bill to establish a line of Steamers between Jersey City, and Galway, Ireland.

Mr. Underwood presented a bill to purchase the stock of individuals owned in the Louisville and Portland Railroad.

HOUSE.—Mr. Houghton, from the Committee on Ways and Means, reported a bill in support of the Military Academy at West Point, for the year ending June, 1852.

Mr. Fuller, of Maine, from the Committee on Commerce, reported back, with amendments, a bill to amend the acts of 1847-'48, regulating the carrying of passengers in vessels.

Mr. Hall, from the Committee on Public Lands, reported a bill further to extend the time of locating Virginia Land Warrants.

Mr. Harris, from the Judiciary Committee, reported the prohibition of heads of departments from prosecuting claims against government.—This also extends to Senators and Representatives during their term of office. It was referred to a committee of the whole on the state of the Union

False Democracy.

There is a party in this country, which, professing to base its action on principles of national application and immutable character, yet stigmatizes its actual course by more dodges, equivocations and twistings than were ever exhibited by any other organized body. It holds National Conventions at Baltimore and meanly resolves that it is opposed to Legislative Protection to one interest *at the expense of others*—as if anybody were in favor of such Protection as that—yet sneaks back into the Iron regions of New York, Pennsylvania and other States, and pretends to be in favor of a higher duty on *Iron*, and so with the depressed and suffering interests of other localities. It gravely resolves at Baltimore that Congress has no power to prosecute a *general* system of Internal Improvement, yet pretends on the several Lakes and Rivers where improvements are sorely needed, to be in favor of those particular improvements, and excuses the defeat by its partizans of any bill providing for them, by pretending that *other* items in said bill were objectionable—namely, the very items which in the sections where they are in favor are held up as Democratic, while the defeat of the bill is there attributed to the insertion among its provisions of the very items elsewhere proclaimed genuine and unobjectionable. Thus bills reported by 'Democratic' committees are killed by 'Democratic' vetoes or conspiracies to stave off a decisive vote upon them, and the people of each section aggrieved by such defeat, are told that the improvements *they* wanted would have been carried but for their unfortunate conjunction with others which were not of a *National* character as these were! And thus by quirks and falsehoods 'the party' is kept together, and thousands of its members kept voting against their own convictions and interest, and the progress of improvement arrested. How long shall this endure?—*New York Tribune*

LIST OF LETTERS

REMAINING IN THE POST-OFFICE AT MILWAUKEE, JANUARY 15, 1852.

Extract from the Laws of the U. S.

Sec. 6. *And be it further enacted*, That lists of letters remaining uncalled for in any Post Office in any city, town, or village where a newspaper shall be printed, shall hereafter be published once only in the newspapers which being issued weekly or oftener, *shall have the* LARGEST CIRCULATION *within the range of delivery* of said office.

The Post Master General has adopted the following Rule and Regulations under the above provisions:

1. When the gross receipts of the Post Office for the then next preceding quarter shall not have exceeded $500, the Post Master shall advertise such uncalled for letters once in six weeks only.

When such gross receipts shall have exceeded $500 and not have exceeded $1000, the P. M. shall advertise once a month only.

When such gross receipts shall have exceeded $1000, and shall not have exceeded $2500, the P. M. shall advertise twice a month.

And when such gross receipts shall have exceeded $2500 the P. M. shall advertise once a week.

To Builders, Mechanics and Farmers

WHO WISH TO BUY LUMBER.

WE take this method of saying to all, that owing to the disposition shown on the part of some of the dealers in this city to secretly cut under on the prices of Lumber, it is thus distinctly understood that we are in the market with a large stock of

SEASONED LUMBER,

and are not to be undersold by any yard in this City. We invite all to call and examine our stock and prices, and if offered by any other yard at a lower figure, we will sell 25 cents per thousand feet lower than the lowest.

CITY NOTICES.

AN ORDINANCE

To provide for the organization of a Night Watch and Police.

BE IT ORDAINED by the Mayor and Aldermen of the City of Milwaukee, in Common Council assembled:

Sec. 1. The police of the city of Milwaukee shall be under the direction and control of the Mayor of said city, subject, however, to the power of the Common Council to remove any watchman who may be appointed member of such police for due cause shown; such police shall consist of the watchmen whose appointment is hereinafter provided for, together with the constables of the several wards, who shall at all times have power to make arrests and perform the duties as hereinafter enumerated.

Sec. 2. The Common Council shall have power to appoint fifteen watchmen in and for the said city of Milwaukee, three of whom shall reside and act as such in the first ward; three of whom shall reside and act as such in the second ward; three of whom shall reside and act as such in the third ward; three of whom shall reside and act as such in the fourth ward; three of whom shall reside and act as such in the fifth ward of said city. Said watchmen to be recommended for such appointment to the Common Council by the aldermen, on a majority of them, of the respective wards in which such watchmen are to serve, and shall continue in office until the first day of April, 1853, unless sooner removed by the Mayor or Council. Such watchmen, during their continuance in office, shall be residents of the municipality in which they shall severally serve, and shall moreover pay all costs that may have accrued by reason of such arrest; but in case any person shall be arrested under the provisions of this act, without just cause, the officer making such arrest shall pay such person the sum of ten dollars.

Sec. 9. Whenever a fire shall break out in any part of the city during the hours of the night watch, it shall be the duty of any watchman who shall discover the same, to alarm the occupants of the building on fire, and also of the immediate vicinity, if the same may be necessary to apprise them of danger. Such watchman shall then pass rapidly through the street, and cry out fire-fire-fire, and give the alarm by crying FIRE! and also the number of the ward in which the same may be, which cry as also the number of the ward shall be immediately repeated by the same manner by the several watchmen of the city. But any watchman or any other person who shall originate such alarm of fire, without good and sufficient cause, shall be liable to the provisions of this ordinance. But such person shall have reasonable opportunity, attended by some proper officer, to show such authority, or to obtain such other assistance as will enable him to comply with such judgment. Provided always, that nothing in this ordinance contained, shall take away, or interfere with any right which any person, against whom such judgment may be rendered, may have of appealing the same to the proper court, according to the laws of this state, or the rules and practice of any such court.

Sec. 15. Every member of police in said city, is hereby authorized and empowered to command the assistance of any person or bystander, to aid in the execution of the provisions of this ordinance, or of any other ordinance, which the common council may from time to time pass or enact, for the better preservation of peace, and protection of life and property; and any person refusing to aid such police officer, when required so to do, shall be fined in such sum and costs, and in default of payment, shall be imprisoned in the county jail ten days. And any person who shall be guilty of resisting the lawful acts of any police officer, or in any manner hindering said officer in the discharge of any of his duties as such police officer, shall be liable to such penalties and punishment as such persons would be liable to, for resisting or hindering any other police officer in the discharge of his official duty.

Sec. 16. The captain of the watch shall be entitled to the sum of fifty dollars per month, and each watchman, the sum of thirty dollars, per month, as a compensation for their services, payable out of the general city fund.

Sec. 17. All ordinances or acts of the common council of the city of Milwaukee, which may come in conflict with, or be contrary to the provisions of this ordinance, are hereby repealed; and this ordinance shall be and remain in full force and effect, until the first day of April, 1852, and no longer.

Passed January 6th, 1852.

AN ORDINANCE

To amend "An Ordinance to regulate the sale of Wood and Hay," passed July 12th, 1848.

BE IT ORDAINED by the Mayor and Aldermen of the City of Milwaukee, in Common Council assembled:

Section 1. Hereafter, that part of the public square between Mason and Oneida streets and Market and Water streets, from Mason street to the Hay Scales, in said square, shall be a public stand for the sale of hay; and that part of said square, from the said Hay Scales to Ouel la street, shall be a public stand for the sale of wood.

Section 2. No person shall be allowed to expose for sale any wood or commodity other than hay on any part of said square, which by the first section of this Ordinance is made a public stand for the sale of hay; nor shall any person permit his or her team, sleigh, wagon or other vehicle, unless the same shall be loaded with hay, to stand on said square within said limits more than ten minutes at any one time. And no person shall be allowed to expose for sale any hay or commodity other than wood on any part of said square, which by the first section of this Ordinance is made a public stand for the sale of wood; nor shall any person suffer or permit his, her or their team, waggon, sleigh or other vehicle, unless the same shall be loaded with wood, to stand on said square, within the limits last aforesaid, more than ten minutes at any one time.

Section 3. Any person violating the provisions of this Ordinance shall forfeit and pay one dollar for each offence, with costs of prosecution, to be recovered before the Police Court of the City of Milwaukee.

Section 4. The Ordinance entitled "An Ordinance to amend an Ordinance to regulate the sale of wood and hay," passed December 9th, 1851, is hereby repealed.

Passed December 31st, 1851.

ARRANGEMENTS FOR 1851.
AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.
Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.
By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—New, and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

STOVES,
(BOTH WOOD AND COAL,)
FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE
GRIST MILLS.
THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of MILL STONE manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.
In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:
THE ECONOMIST
Double Oven Cooking Stove,
(Which received the First Premium at the State Fair, lately held at Janesville,)
Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.
The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.
The PHENIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.
The KING PARLOUR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamented, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.
The RADIATOR is the best coal store ever got up as a retainer of heat.
Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with them, thus avoiding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.
Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Satisfaction guaranteed and set up in any part of the city, free of charge. All orders promptly attended to.

IS NOW OPENING A LARGE STOCK OF SHELF - HARDWARE — STOVES, NAILS, GLASS, PUTTY, SASH,
FARMING UTNESILS, &C.,
RECEIVING from Steamer Empire State, and Propellers St. Josephus, General Taylor, Oneida, Niagara Monticello, and Schooner Wing and Wing—which has been specially bought for the Fall Trade, under the late pressure of hard times, unusually low—among which you will find two of the Most Improved Patterns of
Hot-Air Cooking Stoves
ever brought to this market. They have been tested by over one hundred persons during the past year, giving entire satisfaction.
THE MONARCH AIR-TIGHT,
is so constructed as to be kept in use constantly without burning out by fire; having a movable inside Oval Plate which can be taken out without taking the stove apart—Also, the rods, instead of passing through the fire-brick, are made flat by a cast projection in the top of the stove, where a rod passes through and fastens the stove together in the most approved manner.
THE KING OF THE PRAIRIES,
is so arranged in the oven that you can divide it into three different apartments, if necessary, finishing it one of the largest ovens in use, as well as the most simply constructed stove in use. These stoves are warranted against breakage by fire, and to give
ENTIRE SATISFACTION.
I have added to my stock of stoves this year, some New Patterns of
PREMIUM COOKING STOVES,
Also,—New Patterns of
Parlor and Box-Stoves,
making all one of the
Greatest Variety of Stoves
ever brought to this market. These Goods have been purchased direct from the manufacturers, and will be sold

Troy Fire Insurance Company
TROY, WALWORTH COUNTY, WIS.
CAPITAL $100,000.
The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,	960
Whole amount of Property insured,	$625,851 00
Whole amount of Cash premiums,	3711 27
Whole amount of losses allowed and paid,	371 27
Balance of Cash Premium on hand,	3313 10

IT is gratifying to the Directors to state to the members of the Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and increase of business, shows that the plan and management meets with the approval of the public.
The Charter and Bye-Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, tailors' shoemakers', and saddlers' shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in a circle of 40 rods.
The company possess both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, out-buildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays, in case of loss, the full amount of damage not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.
The rates charged by this company, though low, are based upon the actual results of insuring for the past twenty years, and are found to be sufficient with the prudent management to pay all losses and expenses without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property, are a premium not of one per cent, and a cash premium of fifty cents on each $100 for five years.
In publishing our safe, cheap, and popular plan of insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery—
The Washington County Mutual commenced in 1850, by collecting thirty cents on $100; in 1851 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 38 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and 68 million at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.
The Montgomery County Mutual is another example of bad management. They have been in operation much longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, in 1850, that their losses and cash expenses had exceeded their cash receipts twenty-nine thousand dollars, and fifteen thousand dollars claims unsettled, making their debt forty-four thousand dollars, and some thirty millions at risk, on which they will probably lose ninety thousand dollars more, making the actual debt one hundred and thirty-four thousand dollars.
The cash premiums now collected by the two companies on what they insure in future will only pay losses on the same, consequently those insuring with them now not only pay the cash premium notes, but will have to pay the enormous debts which must be raised by tax. These companies are unpopular in New York, and are compelled to search in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.
Since the above reports, the Montgomery have tried a tax on their premium notes.
Now
